Bolts: The Foundation of Your Project

Hanroma is partnering with industry leaders to supply top-quality fasteners, metal machine parts, automotive & turned machine parts and specialist custom-designed parts.

OUR PRODUCTS

When supplying industrial fasteners and spare parts, we establish the necessary production and quality control processes with local and foreign production partners. We deliver products with certificates and analysis reports from the technical drawing to the sample inspection. By following these processes, we ensure that the products meet international standards and quality.

- Special Designed Fasteners
- Threaded & Non-Threaded Rods
- Standart/Heavy Hex Bolts
- Stud Bolts
- Center Bolts
- U-Bolts

U-Bolts

The Perfect Solution for Heavy-Duty Applications

U-bolts are a versatile and reliable type of fastener. U-bolts are commonly used in the construction and truck spare part industries.

We have been providing especially suspension U-bolts in OEM and Aftermarket quality.

Center Bolts

The Key to Precision Alignment

A center bolt is a type of fastener that is used to secure the leaves of a leaf spring together. It is an important part of the leaf spring suspension system and helps to provide a smooth ride for the vehicle.

Center bolt is used in Leaf spring suspension systems, Trailer axles, Heavy machinery, other applications where a strong, reliable fastener is needed to secure multiple objects together.

Stud Bolts

The Essential Hardware for Any Project

Stud bolts are a reliable and durable type of fastener that can be used in a variety of applications. They are easy to install and use, and they are available in a variety of sizes and materials to meet the needs of most applications.

We offer all dimensions that you required. You can order both big volume or small quantities from us.

Special Fasteners

In addition to standart fasteners, it may be necessary to supply special fasteners usage areas or demands. Hanroma offers you many special fasteners you may need with flexible solutions, variety and competitive prices.
